

Echoes of Saint Julie

VERSE 1

Down these halls in Hingham town, we learn to see the good.
Books in hand, boots on the ground, standing where we should
Sisters showed us how to shine, how to lift and lead
Honor every person's heart, answer every need
Whole lives learning, head and heart understood.
In the spirit of Saint Julie, we whisper God is good

CHORUS

We proclaim with our lives that God is good
Every voice and choice says God is good
Honor every person's sacred dignity
Stand for justice, peace, and care of all we see
Hands that serve will build community
NDA, we sing what Julie understood
God is good,
God is good.

Echoes of Saint Julie

VERSE 2

All traditions welcome here,
bring your song and light
Questions, wonder, hope within,
walk by faith and sight.
Lifelong learners, open minds,
leaders kind and true.
For a world that needs our love in everything we do
Whole lives learning,
head and heart understood.
In the spirit of Saint Julie,
we whisper, God is good.

CHORUS (REPEAT)

We proclaim with our lives that God is good.
Every voice and choice says God is good.
Honor every person's sacred dignity
Stand for justice, peace, and care of all we see.
Hands that serve will build community
NDA, we sing what Julie understood
God is good,
God is good.

HALLMARKS VERSE

We proclaim by our lives more than any word we say.

We honor every person, sacred in every way.

We educate for justice, peace, creation's care

We commit to serve our neighbors, showing love is there.

We create a living community, with those we work and serve.

We form holistic learners for the life that they deserve.

BRIDGE

From Julie and Francoise to our academy today,

Sisters of Notre Dame show the hope-filled way.

"Ah, how good is the good God,"

echo through these years.

Courage, faith, and joyful trust stronger than our fears
