

God's Big Story

OPENING

Let's tell the story, the greatest of all
From the very beginning to God's big call
Five big acts — we're gonna see
How God saves the world — for you and me!

CREATION

In the beginning, God made the sky
The sun, the stars, the birds that fly
Oceans and mountains, trees so tall
He made the world and gave it all
Then He made people, in His own name
To live in love — that was His aim!

CHORUS

God's big story, step by step
He never stops, He never left
Five great acts, come along and see
How He writes our history!

THE FALLS

But people sinned, they walked away
From God's good plan, they chose their way
Adam and Eve, then sin spread wide
Hearts grew cold, and love would hide
But even then, God had a plan
To bring back hope to every land!

God's Big Story

THE FORMATION OF THE PEOPLE ISRAEL

He formed a people — Israel strong
To teach the world what's right and wrong
He gave them laws, He sent them guides
Prophets spoke and kings would rise
A family chosen, set apart
To carry God's light in every heart!

CHORUS

God's big story, step by step
He never stops, He never left
Five great acts, come along and see
How He writes our history!

THE LIFE OF JESUS CHRIST

Then Jesus came — the perfect way
Born to save, to love, to stay
He healed the sick, He calmed the sea
He died and rose to set us free
God became man — that's our King!
The cross and tomb changed everything!

God's Big Story

THE CHURCH

Now we're the Church — His people today
We share His love in every way
Baptized and sent, we shine His light
In every land, with truth and might
The Holy Spirit helps us grow
We're God's great story on the go!

FINAL CHORUS

God's big story, step by step
He never stops, He never left
From the start to eternity
We are part of His story!

TAG

Creation, the Falls, then Israel's call
The life of Jesus — greatest of all
Then comes the Church — that's you and me
In God's big story — we're meant to be!
